

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

SCAFFOLDING COMPONENTS & SYSTEMS

Engineered Components for Safe, Reliable Access Solutions

ENGINEERED FOR SAFETY

Designed and
manufactured to
meet global safety
standards.

BUILT FOR RELIABILITY

High-quality materials
and precision
manufacturing for
long-lasting strength.

GLOBAL MANUFACTURING

Strategic sourcing and
a precision across
key manufacturing
regions worldwide.

OEM PRODUCTION

Custom solutions,
private label options,
and complete OEM
manufacturing.

FEATURED SCAFFOLDING SYSTEMS

**FRAME
SCAFFOLDING**

**RINGLOCK
SYSTEMS**

**CUPLOCK
SYSTEMS**

**TUBE & CLAMP
SYSTEMS**

**MOBILE
TOWERS**

**SUSPENDED
SYSTEMS**

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

FRAME SCAFFOLDING SYSTEMS

The industry's most common scaffold solution for residential, commercial and masonry construction.

CUSTOM COMPONENTS

STRUCTURAL COMPONENTS

Walk-Through
Frames

Mason
Frames

H Frames

Cross
Braces

Diagonal
Braces

Horizontal
Braces

PLATFORMS

Steel Planks

Aluminum Planks

Timber Decks

FOUNDATION COMPONENTS

Base Plates

Screw Jacks

Mud Sills

SAFETY COMPONENTS

Guardrails

Mid Rails

Toe Boards

Access Gates

MANUFACTURING CAPABILITIES

TUBE FABRICATION

Precision tube cutting, bending and forming to exact specifications.

ROBOTIC WELDING

Advanced robotic welding for consistent quality and strength.

HOT DIP GALVANIZING

Superior corrosion protection for long service life.

CNC TUBE PROCESSING

High-precision CNC machining for tight tolerances and perfect fit.

ENGINEERED COMPONENTS. BUILT FOR SAFETY. DESIGNED FOR PERFORMANCE.

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

MODULAR SCAFFOLDING SYSTEMS

Advanced modular systems
engineered for strength, versatility
and safety in the most demanding
industrial environments.

FEATURED SYSTEMS

RINGLOCK

CUPLOCK

KWIKSTAGE

CUSTOM COMPONENTS

VERTICAL COMPONENTS

Standards

Rosette Posts

Vertical Tubes

HORIZONTAL COMPONENTS

Ledgers

Transoms

Intermediate Rails

STRUCTURAL BRACING

Diagonal Braces

Bay Braces

Horizontal Braces

PLATFORMS

Steel Decks

Aluminum Platforms

Stair Units

ACCESSORIES

Spigots

Locking Pins

Connector Wedges

Joint Pins

ENGINEERED FOR SAFETY

Designed to meet global
safety standards.

BUILT FOR RELIABILITY

High-strength materials
for long-lasting
performance.

EASY TO ASSEMBLE MODULAR DESIGN

Components engineered
for fast, secure assembly
in the field.

GLOBAL MANUFACTURING

Strategic production
across key regions
worldwide.

OEM PRODUCTION

Custom solutions,
private label and
complete OEM programs.

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

TUBE & CLAMP SCAFFOLDING

Maximum flexibility for
complex structures and
irregular geometry.

INDUSTRIES

SHIPBUILDING

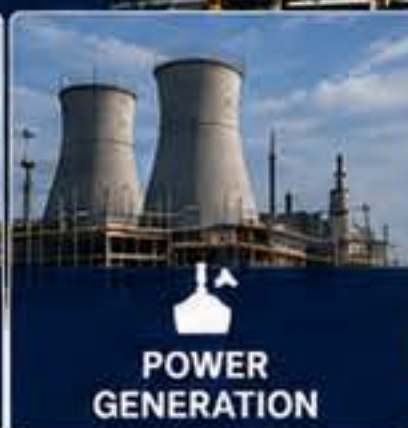

REFINERIES

PETROCHEMICAL

HISTORIC
RESTORATION

POWER
GENERATION

STEEL TUBING

Scaffold Tube

Galvanized
Tube

Aluminum
Tube

COUPLERS

Right Angle
Couplers

Swivel
Couplers

Sleeve
Couplers

Putlog
Couplers

Girder
Couplers

Beam
Clamps

SUPPORT COMPONENTS

Base Jacks

Adjustable
Standards

Bracing
Systems

HIGH STRENGTH MATERIALS

Premium steel tubing and
precision-forged components.

ENGINEERED FOR FLEXIBILITY

Adapts to any structure
or configuration.

QUICK ASSEMBLY

Simple tools, reliable
connections, and fast
installation.

SAFETY & COMPLIANCE

Designed to meet OSHA
and international scaffolding
standards.

GLOBAL SOURCING & SUPPORT

Consistent quality, competitive
pricing, and on-time delivery.

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

MOBILE, ACCESS & SUSPENDED SYSTEMS

Versatile access solutions engineered for safety, efficiency and performance in any environment.

MOBILE TOWER

SUSPENDED PLATFORM

STAIR TOWER

MOBILE TOWERS

Frames

Casters

Outriggers

Platforms

Guardrails

STAIR TOWERS

Stair Flights

Landings

Handrails

Gates

SUSPENDED SYSTEMS

Hoists

Suspension Frames

Platforms

Wire Rope Components

Counterweight Systems

SAFETY ACCESSORIES

Ladders

Safety Gates

Netting

Debris Panels

Tool Trays

Stabilizers

SAFE ACCESS SOLUTIONS

Engineered to meet OSHA and international standards.

MODULAR & VERSATILE

Systems adapt to any job site requirement.

QUICK ASSEMBLY

Designed for fast, efficient installation and relocation.

BUILT TO LAST

High-strength materials for long service life.

GLOBAL MANUFACTURING

Consistent quality with on-time delivery worldwide.

ENGINEERED PARTS. RELIABLE PERFORMANCE.

CUSTOM COMPONENT MANUFACTURING

End-to-end manufacturing solutions delivering precision-engineered scaffolding components to meet your exact specifications.

ADVANCED TECHNOLOGY

PRECISION ENGINEERING

GLOBAL CAPABILITIES

CONSISTENT QUALITY

FABRICATION

- Tube Laser Cutting
- CNC Machining
- Tube Bending
- Robotic Welding
- Sheet Metal Fabrication
- Structural Welding

SURFACE FINISHING

- Hot Dip Galvanizing
- Zinc Plating
- Powder Coating
- Shot Blasting
- Passivation

OEM MANUFACTURING

- Private Label Production
- Complete Component Kits
- Welded Assemblies
- Custom Packaging
- Kitting
- Global Logistics

ENGINEERING SUPPORT

- Reverse Engineering
- Prototype Development
- Design for Manufacturing (DFM)
- Cost Reduction
- Material Selection

GLOBAL REACH. ON-TIME DELIVERY.

From component to container—we manage quality, packaging and worldwide delivery.

PRECISION & QUALITY

Advanced equipment and strict process controls ensure consistent, high-quality components.

SCALABLE PRODUCTION

High-volume capacity to support your projects from small orders to large production runs.

COMPETITIVE ADVANTAGE

Global manufacturing expertise and cost-efficient solutions that drive your success.

FAST TURNAROUND

Streamlined processes and efficient workflow for on-time delivery, every time.

BUILT ON PARTNERSHIP

We work as an extension of your team to deliver the components you can rely on.

OSANTS

ENGINEERED PARTS. RELIABLE PERFORMANCE.

WHY OSANTS

Your trusted partner for high-quality scaffold components and complete manufacturing solutions.

GLOBAL
SOURCING

QUALITY

DELIVERY

INDUSTRIES SERVED

- | | |
|--------------------------|-----------------------|
| Commercial Construction | Shipbuilding |
| Residential Construction | Mining |
| Industrial Plants | Aviation |
| Refineries | Stadium Construction |
| Power Generation | Petrochemical |
| Infrastructure | Oil & Gas |
| Bridges | Event & Entertainment |

MANUFACTURING CAPABILITIES

- Tube Fabrication
- Forging
- Precision Machining
- CNC Laser Cutting
- Robotic Welding
- Aluminum Fabrication
- Steel Fabrication
- Assembly
- Surface Finishing
- Quality Inspection

QUALITY SYSTEMS

- ISO 9001 Manufacturing
- Dimensional Inspection
- Weld Inspection
- Coating Thickness Testing
- Material Traceability
- Load Testing
- Final Inspection

WHY CHOOSE OSANTS?

- ✓ Global sourcing network
- ✓ OEM manufacturing partner
- ✓ Custom scaffold component production
- ✓ High-volume manufacturing
- ✓ Engineering support
- ✓ Competitive global pricing
- ✓ Factory quality inspections
- ✓ Worldwide logistics management

ENGINEERED FOR SAFETY.
DELIVERED WITH CONFIDENCE.

QUALITY YOU CAN SEE.
SAFETY YOU CAN TRUST.

From individual scaffold components to complete OEM manufacturing solutions, **OSANTS** delivers precision-engineered products that support safer construction, industrial maintenance, and infrastructure projects worldwide.
